

SOLUTION PARTNER IN
INTERNATIONAL HEALTH TOURISM

HEALTHCARE FOCUS AREA WHERE WE OFFER SOLUTIONS

Medical Oncology

Vision

By following scientific, ethical and humanitarian values, we aim to be a bridge institution as an external stakeholder in the processes of solving people's health problems

Welcome to Türkiye A Premier Destination for Health Tourism

Türkiye stands at the crossroads of East and West, offering not only cultural richness and natural beauty but also internationally accredited medical institutions. With state-of-the-art oncology centers and compassionate, highly trained specialists, Turkey has become a hub for medical oncology—offering high-quality, cost-effective cancer care to patients from around the world

Why Choose Türkiye for Cancer Treatment?

Internationally Accredited Hospitals

JCI-accredited (Joint Commission International) hospital
Multidisciplinary cancer care units following global best practices

Expert Oncology Specialists

Multilingual staff for seamless patient communication
Personalized treatment plans designed by tumor boards

Why Choose Türkiye for Cancer Treatment?

Affordable Excellence

Up to 60-80% cost savings compared to Western countries
Transparent pricing
Premium care at accessible prices

Rapid Access to Care

Minimal waiting times
Streamlined processes for international patients
Online consultation and second opinion services available

Turkey isn't just a country to visit—it's a place to heal

Our holistic approach to medical oncology ensures you are treated not just as a patient, but as a person

With precision medicine, warm hospitality, and international standards of excellence, Turkey welcomes you to a new chapter of care
